

WOMEN IN SCIENCE RESEARCH AS PI/Co-PI)last 5 years:

Name	Department	Title of Project	Completed/ Ongoing	Funding Agency	PI/Co-PI
G .K. Chandrika Associate Professor	Chemistry	Synthesis and antimicrobial activity of novel tryptamine derivatives	Completed	UGC	PI
Rose Maria Associate Professor	Botany	A study of effect of Mutagens: Phenotypic and genotypic variations in Ashwagandha	Completed	UGC	PI
Manjula. J. Assistant Professor	Zoology	" Toxic effect of organo phosphorus pesticides on pituitary gland and gonads of target and non-target organisms in the environment"	Completed	UGC	PI
H.Nalini Associate Professor	Physics	" Synthesis, Physical and structural investigation of LI1.20MNO.54COO.1302 cathode material for rechargeable lithium on battery,	Completed	UGC	PI
Dr.Mangala Gowri Manvade Assistant Professor	Women's Studies	Women Reproductive health rights-A study on Jayanagar BBMP slums assessment & improvement strategies to be undertaken by Government sectors	Completed	UGC	PI
H.Nalini Associate Professor	Chemistry	Synthesis, Physical and electrochemical characterization of melamine for rechargeable lithium Lon batteries, (ongoing)	Completed	UGC	Co-PI
Sangeetha .E. Nikkam Assistant Professor	Management	" A Study on Sustainability of Environmental NGOS, (Completed)	Completed	UGC	PI

Roopashree .A Assistant Professor	Management	" Strategies for perishables maximization in rural Bangalore (with reference to floriculture), (completed)	Completed	UGC	PI
Smt.Suman Prasad- PI Assistant Professor	Biotechnology	Comparative kinetics studies of 2-1-D Fructan Fructanu hydrolase from bacterial and fungal sources	Completed	UGC	PI
Akshatha M.D Assistant Professor	Biotechnology	Study on novel approach to reduce the mastitis infection by nanoparticle drug delivery system conjugated with effective antimicrobials.	Ongoing	UGC- STRIDE	PI
