Report on Feedback Analysed and Action Taken 2023 – 2024

Department	Feedback Received	Action Taken
Commerce	<p>The graph indicates that, on average, 90% of students agree with the framework and structure of the curriculum. However, very few neither agree nor disagree. 10% of the students in few areas feel an attention to be given like technical skills 25% of students are concern about the electives offered for specialization streams, which may not be fully aligned with students' interests or current industry needs. Additionally, the curriculum should adapt to technological advancements to stay relevant 15% of the students are concerned about size of the syllabus and the load on students appear to be well-balanced for the majority, though a few students have expressed concerns about its manageability</p>	<ul style="list-style-type: none">▪ The curriculum includes technical based topics which will be handled in the classroom and is also a compulsory question in the exam to enhance the technical skills of the students.▪ Electives are offered in the 2nd and 3rd year of BCom.It is proposed to offer electives that suit industry requirements.▪ Add on courses are regularly revamped to suit the industry requirements
Bachelors of Business Management	<p>70% of the students are satisfied with the curriculum's framework and structure, addressing these concerns, including teaching hours, updated reference materials, ethical training, and workload balance, could significantly improve the overall curriculum. 20% of the students suggesting that reference materials should be more relevant and updated to ensure that students are exposed to the latest research, industry trends, and practices.</p>	<ul style="list-style-type: none">▪ More books were added to the library▪ Usage of google class room to share material▪ Skill development courses which focus on latest trends were introduced with the marks
Bachelor of Computer Science	<p>80% of the students responded that the curriculum has been designed to create interest to pursue higher studies. 20% of the students disagree with technical skills and employability in curriculum needs more importance</p>	<p>Practical components are added in for each important real world applications</p> <ul style="list-style-type: none">□ For critical thinking real world case studies are included in the syllabus

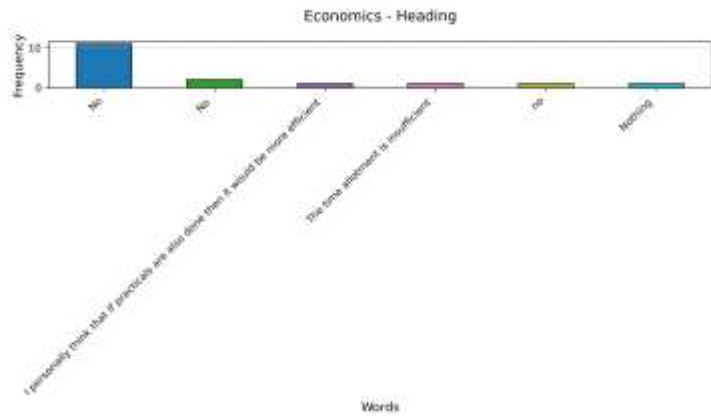

Department	Feedback Received	Action Taken
History	This feedback analysis of the curriculum reveals that the 90% of students are almost satisfied with the curriculum. But certain areas needed some corrections and rectifications in study materials & extend of coverage of programme of study.	<ul style="list-style-type: none"> ▪ Initiatives are taken for updating the syllabus through books. To make the study effective students are taken for field visits and heritage walks. To provide in hand experiences on research with internships activities related to conversation and preservation of sources. MOU's have been signed to encourage research in the young minds.
Economics	<p>As per the feedback taken from student it has been observed that average 93.89% gave a positive response towards Relevance of Curriculum to programme, Electives offered in terms of their relevance to the specialization streams</p> <p>As per the feedback taken from student it has been observed that average 30% gave a negative response towards Skilling for employability offered by curriculum</p>	<ul style="list-style-type: none"> ▪ Curriculum enriched by adding more skill oriented topics and their delivery through the class room as well as field-based experiential teaching-learning methods
Sociology	<p>80% of the students said that The learning objectives and learning outcome of the course are well defined and clear</p> <p>20% of the them said that That books prescribed /listed as reference material are not available and relevant</p>	<ul style="list-style-type: none"> ▪ The department has ordered much more relevant books and reference books to the Library list ▪ Students are helped for preparation of notes by department teachers
Journalism	<p>80% of the students responded that the curriculum has been designed to create interest to pursue higher studies.</p> <p>And also 30% of the students have responded that syllabus should be of more of skill related and technical skills</p>	<ul style="list-style-type: none"> ▪ Through SEP introduction syllabus is much more organized and more practical are added which required for industry
Psychology	<p>75% of the students have said that the syllabus enables to improve their ability to think, critically. 50% of them have responded that the electives offered are relevant to the specialization streams and to the technological advancements</p> <p>Very few have responded that teaching hours have to be more and equip with technical skill to face the industry</p>	<ul style="list-style-type: none"> ▪ We are introducing valued added courses on life skills and experiential learning programs using different tools of assessment to bridge the gap of the students expectations regarding electives. ▪ We are trying to provide more project works regarding the syllabus which can further enable them to think more critically and creatively.
Optimal English	<p>80% of the students said that The learning objectives and learning outcome of the course are well defined and clear</p> <p>20% of the them said that That books prescribed /listed as reference material are not available and relevant</p>	<ul style="list-style-type: none"> ▪ A soft copy of the compiled texts were provided to students ▪ The relevance of the texts prescribed was explained in the class

Department	Feedback Received	Action Taken
Chemistry	Majority 80% of students agreed that theory and concerned practical subjects are being taught in same term. 25 % of the Students feel that adjustments in elective offerings, syllabus load, or other aspects of the curriculum to ensure it continues to meet students' needs and aligns with current academic and industry standards	<ul style="list-style-type: none"> ▪ The NEP curriculum was introduced in 2021, since it was the pilot project, we could not make drastic changes in the curriculum ▪ In this regard to meet the expectation of the students we have introduced many experiments in the practical class
Physics	Curriculum shows that 75% of students agree that the curriculum has been designed to create interest in pursuing higher studies. 40% of the students have responded that allot of time for topic and topic covered is not sufficient	<ul style="list-style-type: none"> ▪ . Syllabus is reframed with emphasis given to the core concept . ▪ Blowup of the syllabus is done to define the extent of coverage. ▪ Extra classes are planned on need base
Math	The feedback analysis of the curriculum shows that 80% of students strongly agree, and the remaining students agree that the framework and curriculum as a whole provide an excellent platform for their overall development and progress. 20% of the students disagree with technical skills and employability in curriculum needs more importance.	Topics have included such as data analysis, statistical methods, financial mathematics and optimization problems to make the curriculum industry relevant Workshop are been organized on software tools
Computer Science	Curriculum shows that 75% of students agree that the curriculum has been designed to create interest in pursuing higher studies. This suggests that a significant majority of students find the curriculum engaging and motivating, encouraging them to continue their academic journey	To encourage interdisciplinary course work, skill component called PPT in which AI tool used in their discipline Core 2 is made mandatory. Elective paper were introduced Mandatory mini project is introduced apart from internship
Botany	Majority 80% of students agreed that theory and concerned practical subjects are being taught in same term. Very few have responded that it does not encouraging self learning and load of syllabus is not well balance on students	Syllabus has been rearranged and unrelated topics are balanced. The load the syllabus has been balanced. For self learning seminars and workshop have organized.
Biotechnology	The feedback analysis of the curriculum shows that 85% of students strongly agree, and the remaining students agree that the framework and curriculum as a whole provide an excellent platform for their overall development and progress. 20% of the students disagree with technical skills and employability in curriculum needs more importance.	Balancing the academic curriculum with the evolving needs of the job market can help ensure that students are fully prepared for future challenges, in this connection curriculum has been restructured to 30%
Zoology	The feedback analysis of the curriculum shows that 85% of students strongly agree, and the remaining students agree that the framework and curriculum as a whole provide an excellent platform for their overall development and progress. 20% of the students disagree with technical skills and employability in curriculum needs more importance.	Technical skills and employability in curriculum is given more importance. Certificate course is added

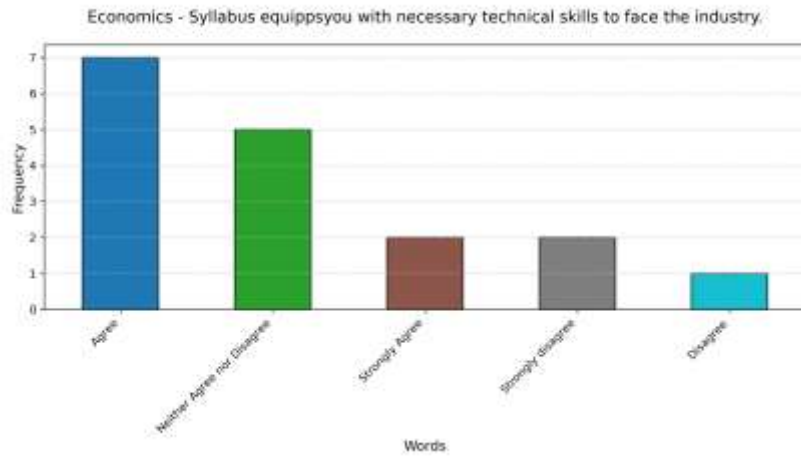

Microbiology	Majority of the students are happy with the curriculum frame and practical components.	
Department	Feedback Received	Action Taken
MSc Chemistry	The feedback analysis of the curriculum reveals that, on average, 75%-80% of students agree that the framework and structure of the curriculum are well-designed. Few Students feel that adjustments in elective offerings, syllabus load, or other aspects of the curriculum to ensure it continues to meet students' needs and aligns with current academic and industry standards.	The syllabus was framed aligning with the industry as well as the academic. Electives are been introduced carefully where students can be placed immediately.
MSc Math	The 80% of the students suggests that the curriculum is well-structured and meets students' academic needs, preparing them effectively for further studies or professional work in the field. However only few says that continuous review and refinement may still be necessary to ensure the curriculum remains up-to-date and aligned with evolving academic and industry standards.	<ul style="list-style-type: none"> Regular reviews been incorporated as new developments in the field, incorporated technological advancements, and ensure that students are equipped with the skills necessary for success in the evolving job market.
MAJMC	Curriculum shows that 50% of students have strongly agreed , and the remaining students agreed that the framework and structure of the curriculum as a whole serve as an excellent platform for their overall development and progress. And also continuous review and updates may still be necessary to ensure the curriculum remains relevant and aligned with the latest trends in the industry.	<ul style="list-style-type: none"> Internship is introduced in all the semester All the papers are introduced with practical Students are sent on field for collection information Lab journal is mandatory in all semester
MCOM	The feedback analysis of curriculum shows that, on average, 59%-62% of students agree with the overall framework and structure of the curriculum. Additionally, a small percentage of students have expressed disagreement on specific factors that there could be an improvement in the balance between theoretical learning and practical application	<ul style="list-style-type: none"> Addressing these factors through technical revisions the curriculum is made more efficient and better aligned with the evolving academic and industry standards.
MSc Data Science	The majority of students agree with the structure and content of the M.Sc Data Science curriculum, addressing concerns regarding the balance between theory and practical, updated reference materials, critical thinking, ethical values, and self-learning could enhance the overall effectiveness of the program. By refining these aspects, the curriculum could better prepare students for the rapidly evolving field of data science.	<ul style="list-style-type: none"> Practical components are added in for each important real world applications For more reference online course links, web links, publication links are added in the syllabus. For critical thinking real world case studies are included in the syllabus. For ethical values one module is included in the subject data wrangling on ethics on data collection. For self-learning students are encouraged to do the NPTEL courses and attend workshops on emerging trends on data science
MSc Biotechnology	The 80% of the students suggests that the curriculum is well-structured and meets students' academic needs, preparing them effectively for further studies or professional work in the field. However only few says that continuous review and refinement may still be necessary to ensure the	<ul style="list-style-type: none"> The curriculum of Genetic engineering has been especially updated with techniques such as CRISPR CAS, Biochemistry has been restructured to explain more systematically, the open-elective

	curriculum remains up-to-date and aligned with evolving academic and industry standards.	has been restructured to include Bioinformatics to facilitate better understanding and introduce applications in the field
MSc Psychology	85% of the students have said that the syllabus enables me to improved their ability to think, critically. 50% of them have responded that the electives offered are relevant to the specialization streams and to the technological advancements. Very few have responded that teaching hours have to be more and equip with technical skill to face the industry	<ul style="list-style-type: none"> ▪ Introduction of topics and make them to prepare to teach that gains some experience in the teaching methods ▪ Introduction of role play and stimulation techniques that would enhance their practical knowledge to help them in the field of counseling psychology

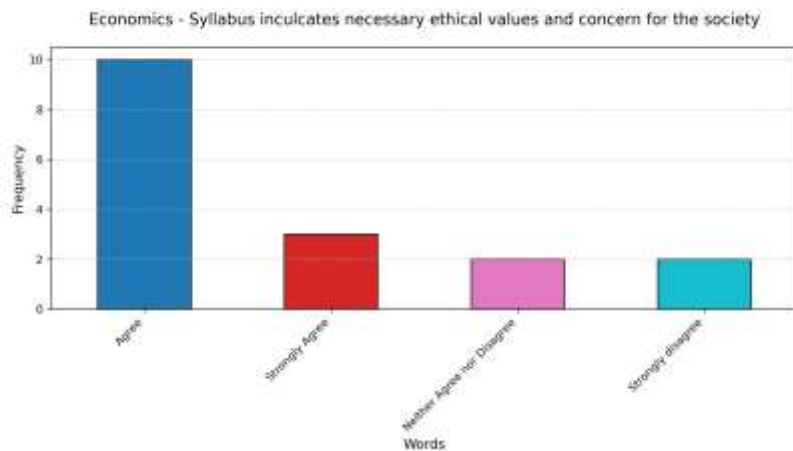

FIRST YEAR ECONOMICS 2023-2024 BATCH

Syllabus equips you with necessary technical skills to face the industry.

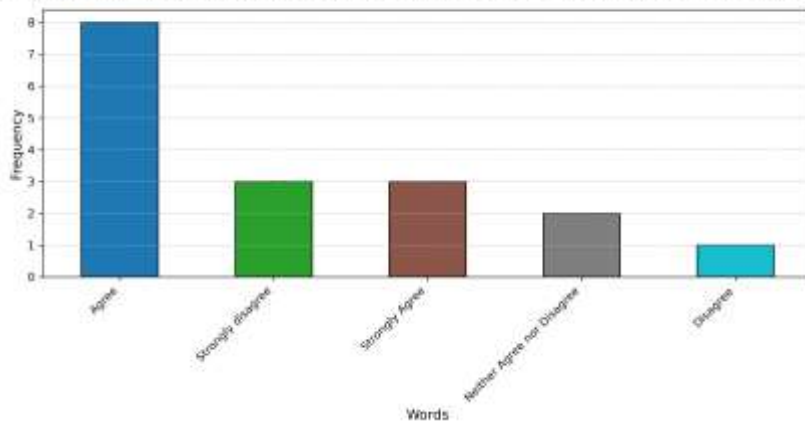

Syllabus inculcates necessary ethical values and concern for the society

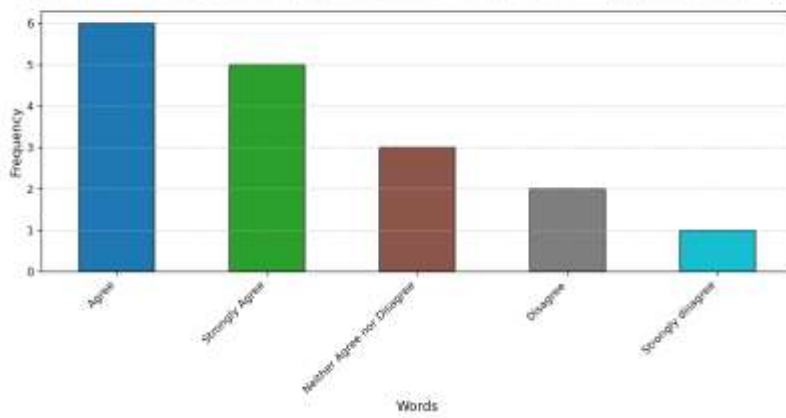

The ability Skill enhancement courses introduced under NEP helps you to upgrade you skills.

Economics - The ability/ Skill enhancement courses introduced under NEP helps you to upgrade you sk

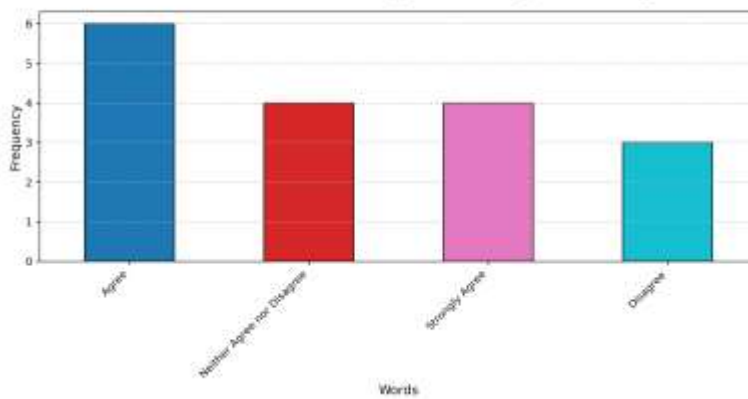

The books prescribed listed as reference material are relevant, updated and appropriate

Economics - The books prescribed /listed as reference material are relevant, updated and appropriat

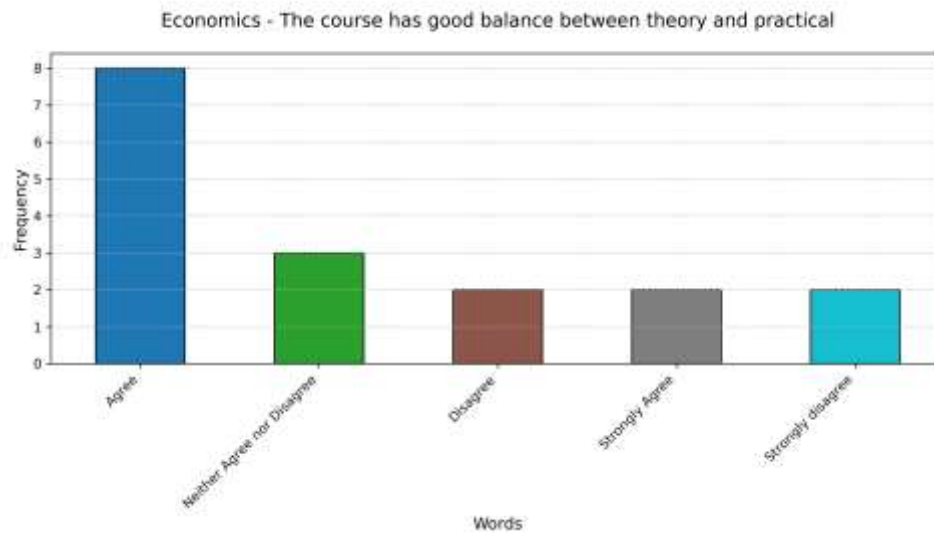

The course encourages extra learning or self-learning

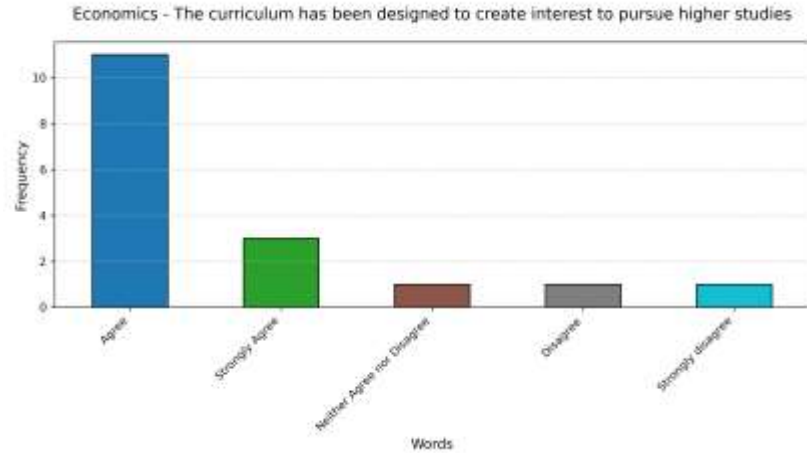

Economics - The course encourages extra learning or self-learning

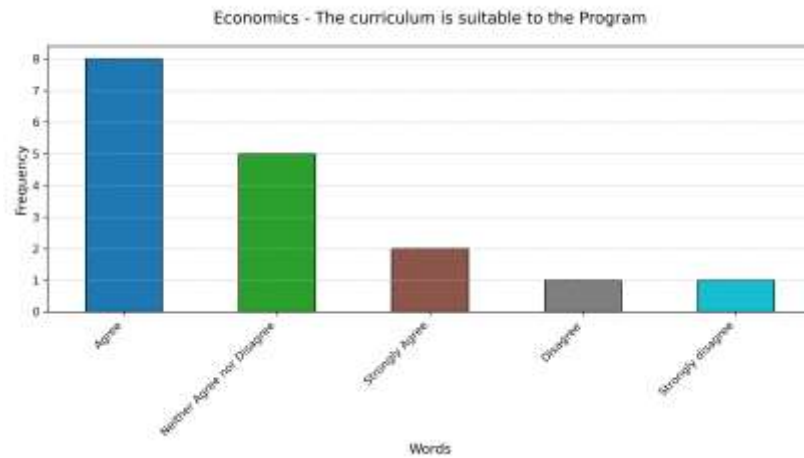

The course has good balance between theory and practical

The curriculum has been designed to create interest to pursue higher studies

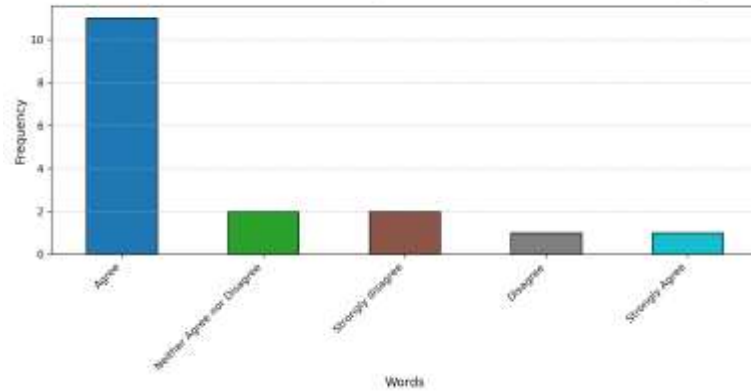

The curriculum is suitable to the Program

The electives offered are relevant to the specialization streams and to the technological advancements

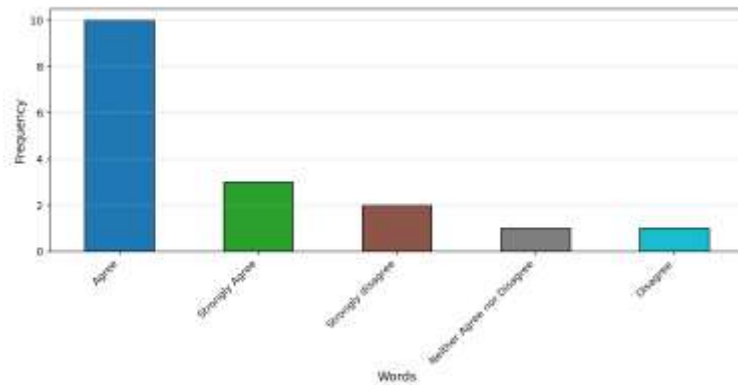

Economics - The electives offered are relevant to the specialization streams and to the technological advancement

The information given by the teacher on the topics covered is sufficient

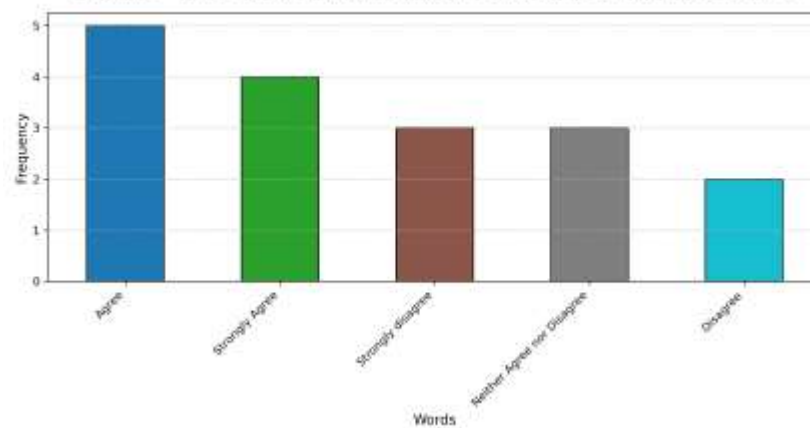

The learning objectives and learning outcome of the course are well defined and clear

Economics - The learning objectives and learning outcome of the course are well defined and clear

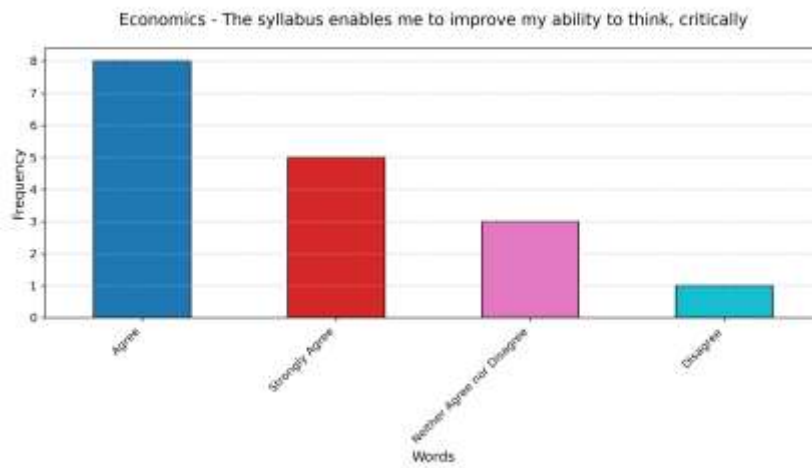

The size of the syllabus in terms of the load on the student is well balanced.

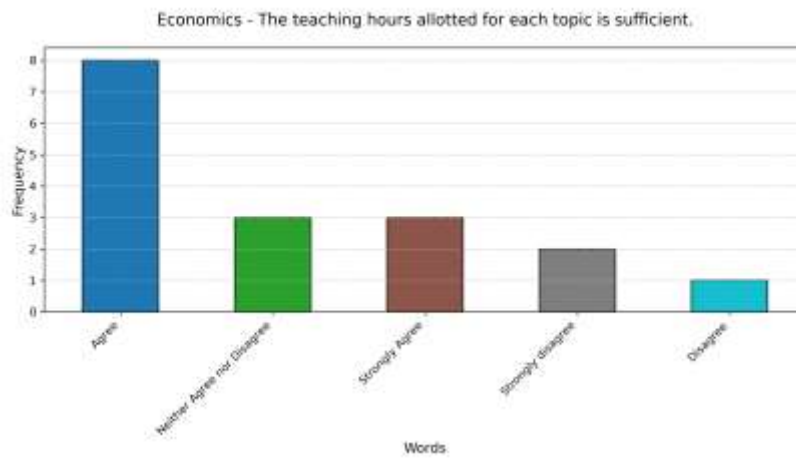

Economics - The size of the syllabus in terms of the load on the student is well balanced.

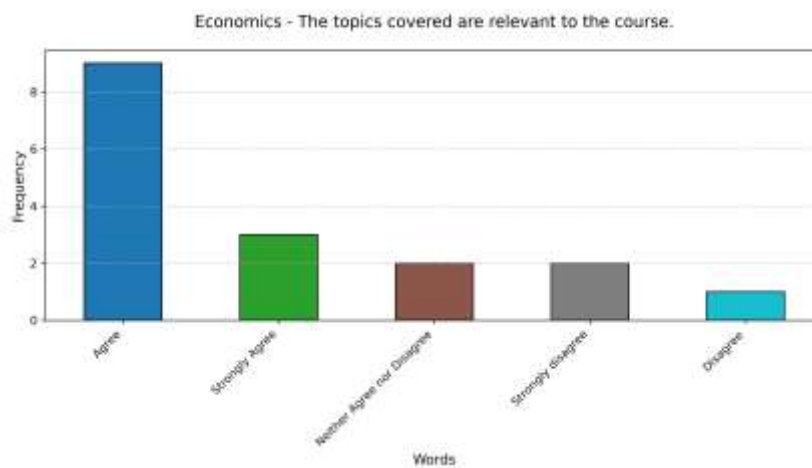

The syllabus enables me to improve my ability to think, critically

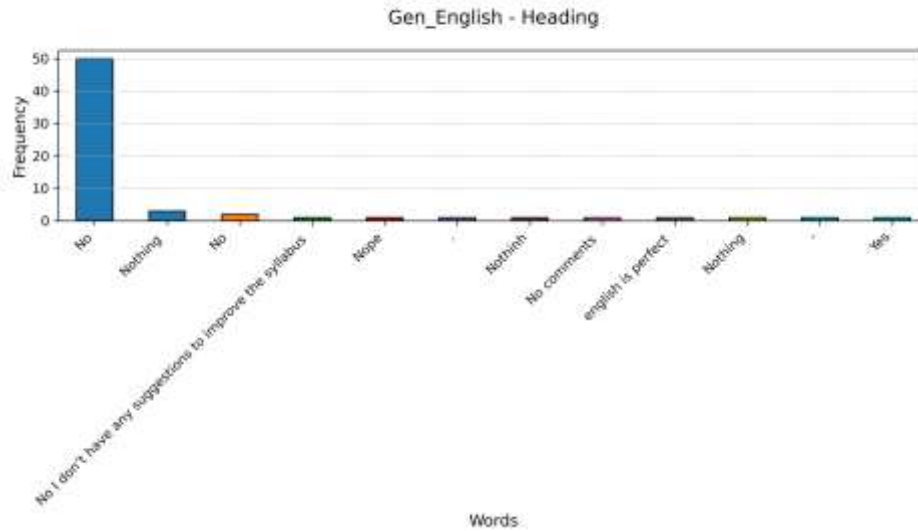

The teaching hours allotted for each topic is sufficient.

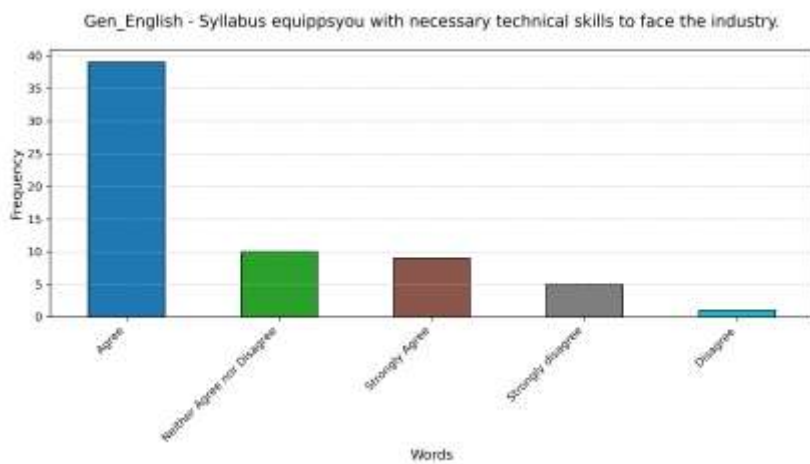

The topics covered are relevant to the course.

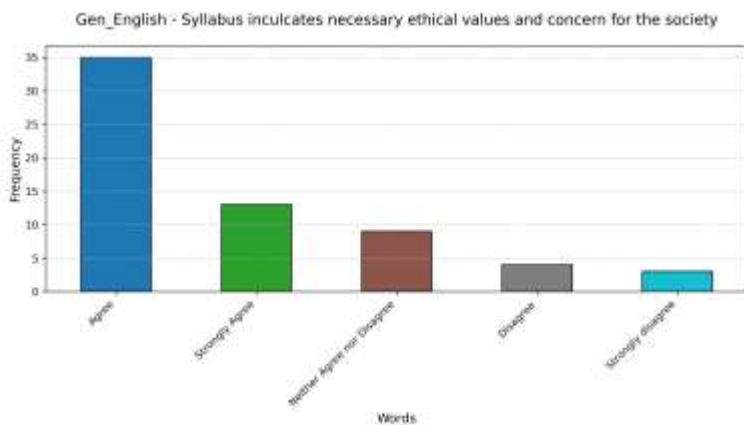

FIRST YEAR ENGLISH 2023-2024 BATCH

Syllabus equips you with necessary technical skills to face the industry.

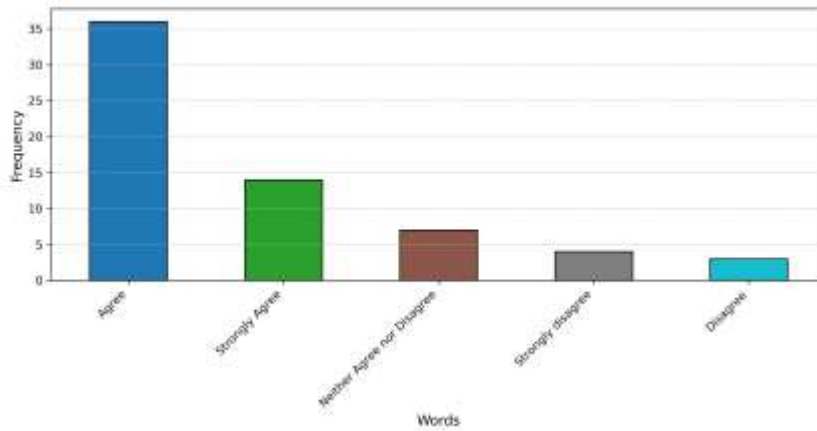

Syllabus inculcates necessary ethical values and concern for the society

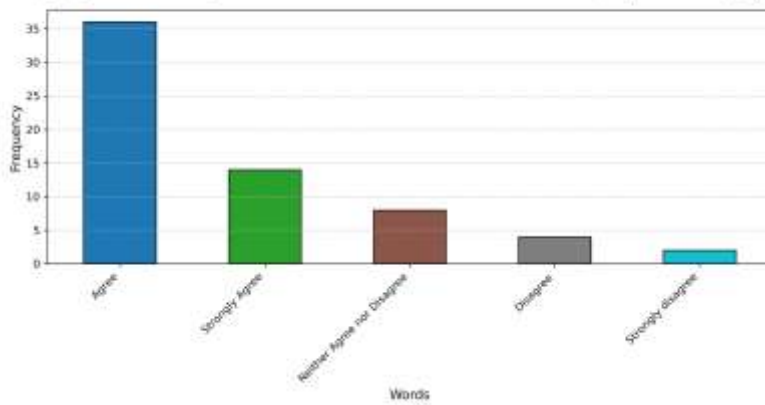

The ability Skill enhancement courses introduced under NEP helps you to upgrade you skills.

Hist0ry The course has good balance between theory and practical

Hist0ry The curriculum has been designed to create interest to pursue higher studies

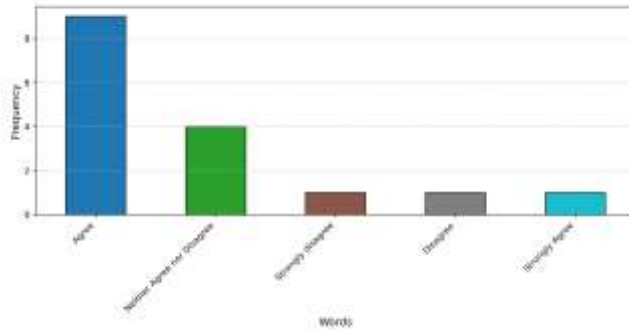

Hist0ry The curriculum is suitable to the Program

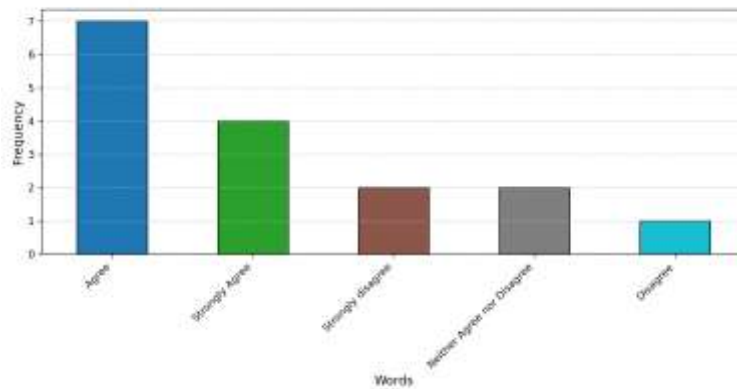

Hist0ry The electives offered are relevant to the specialization streams and to the technological advancements

Hist0ry - The electives offered are relevant to the specialization streams and to the technological advancement

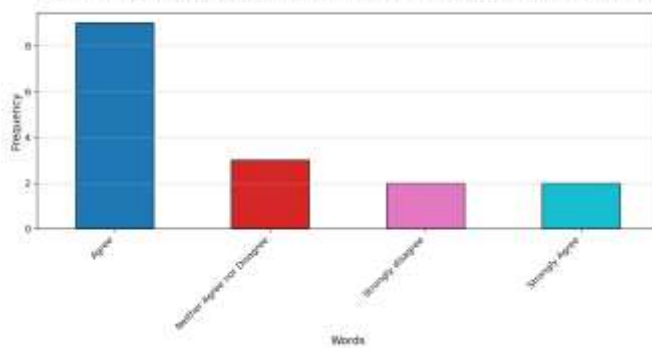

Hist0ry The information given by the teacher on the topics covered is sufficient

Hist0ry - The information given by the teacher on the topics covered is sufficient

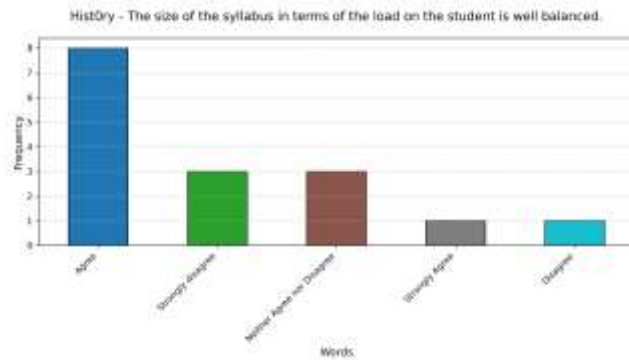

Hist0ry The learning objectives and learning outcome of the course are well defined and clear

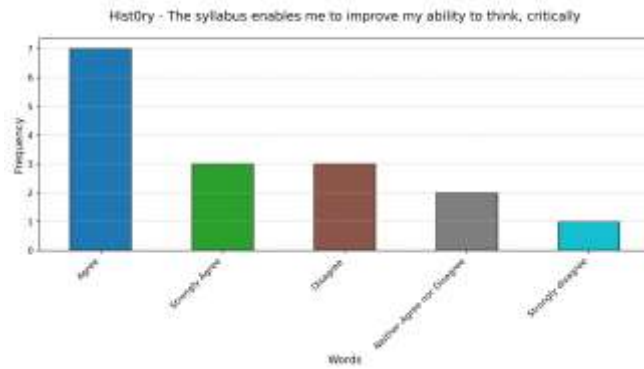

Hist0ry - The learning objectives and learning outcome of the course are well defined and clear

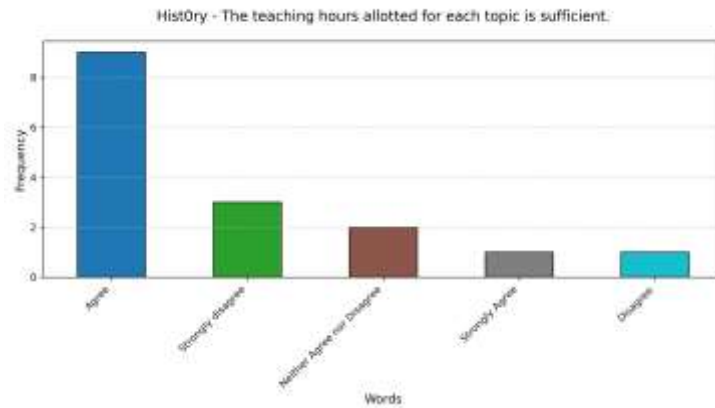

Hist0ry The size of the syllabus in terms of the load on the student is well balanced.

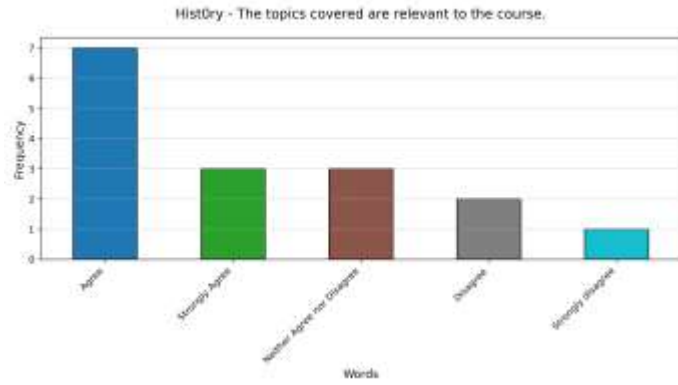

Hist0ry The syllabus enables me to improve my ability to think, critically

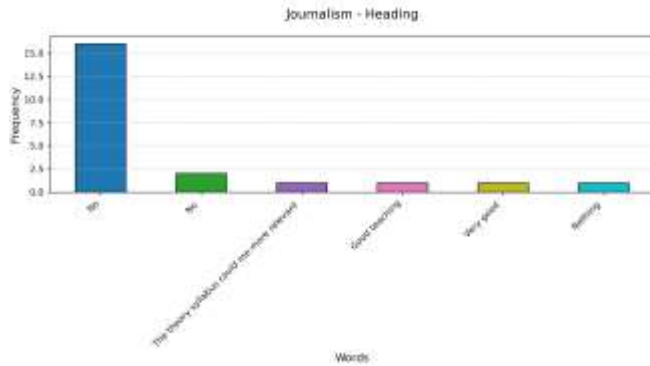

Hist0ry The teaching hours allotted for each topic is sufficient.

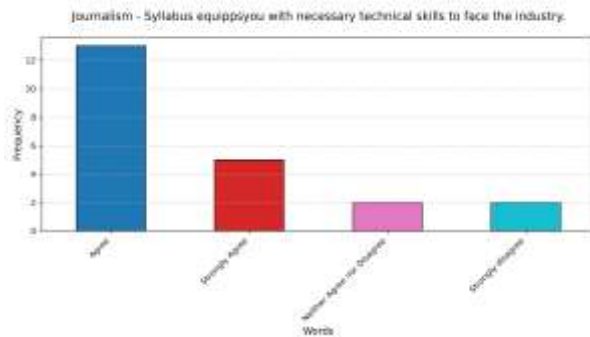

Hist0ry The topics covered are relevant to the course.

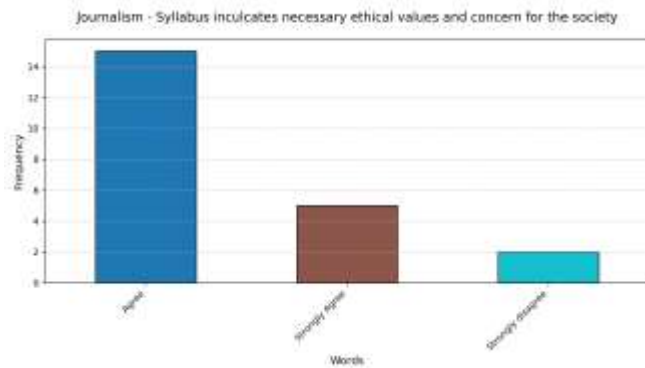

THIRD BA-JOURNALISM 2023-2024 BATCH

Journalism Syllabus equippsyu with necessary technical skills to face the industry.

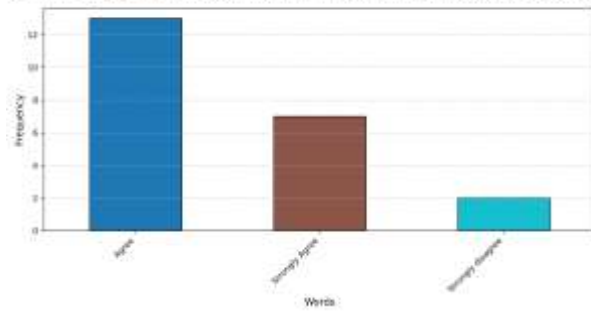

Journalism Syllabus inculcates necessary ethical values and concern for the society

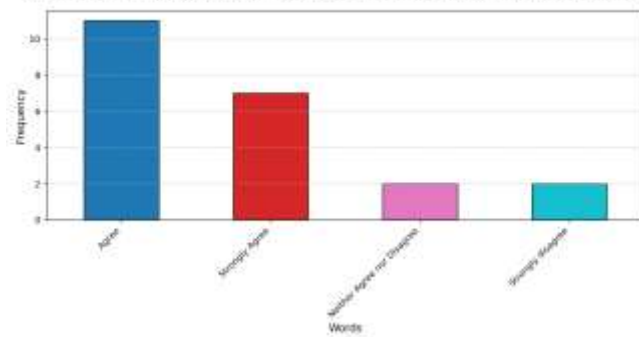

Journalism The ability Skill enhancement courses introduced under NEP helps you to upgrade you skills.

Journalism - The ability/ Skill enhancement courses introduced under NEP helps you to upgrade you sl

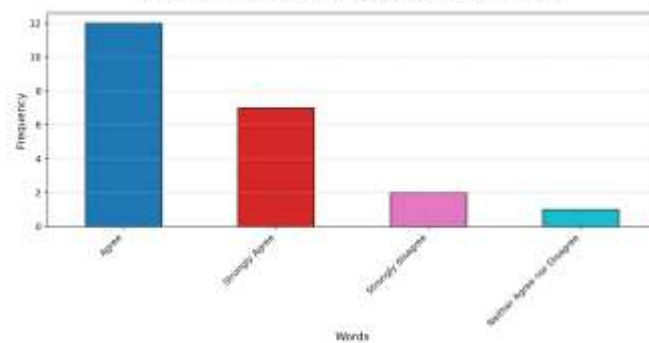

Journalism The books prescribed listed as reference material are relevant, updated and appropriate

Journalism - The books prescribed /listed as reference material are relevant, updated and appropria

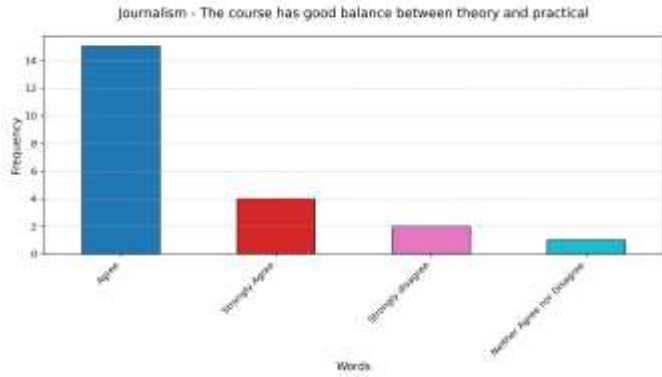

Journalism The course encourages extra learning or self-learning

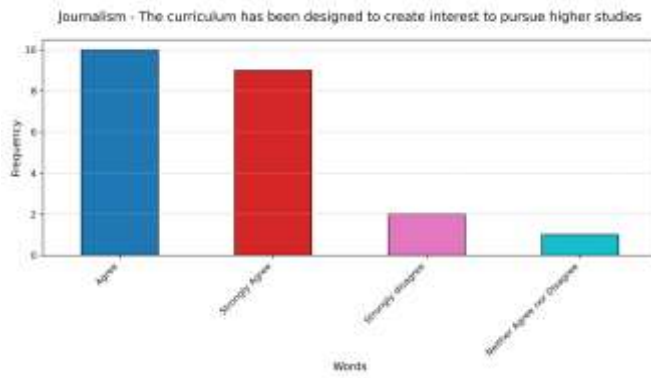

Journalism - The course encourages extra learning or self-learning

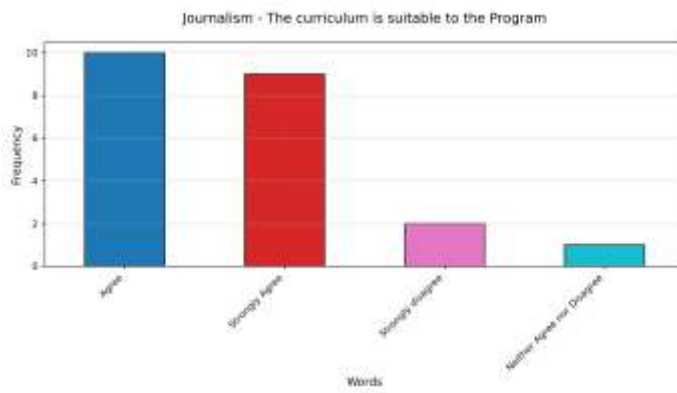

Journalism The course has good balance between theory and practical

Journalism The curriculum has been designed to create interest to pursue higher studies

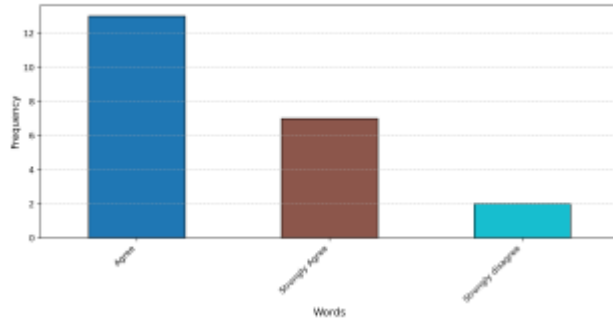

Journalism The curriculum is suitable to the Program

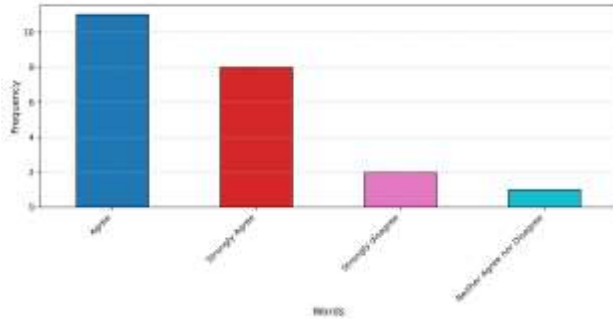

Journalism The electives offered are relevant to the specialization streams and to the technological advancements

Journalism - The electives offered are relevant to the specialization streams and to the technological advancement

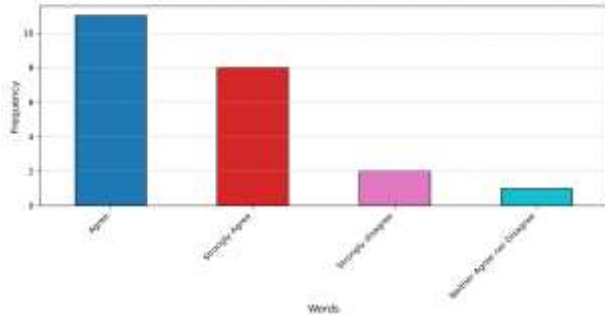

Journalism The information given by the teacher on the topics covered is sufficient

Journalism - The information given by the teacher on the topics covered is sufficient

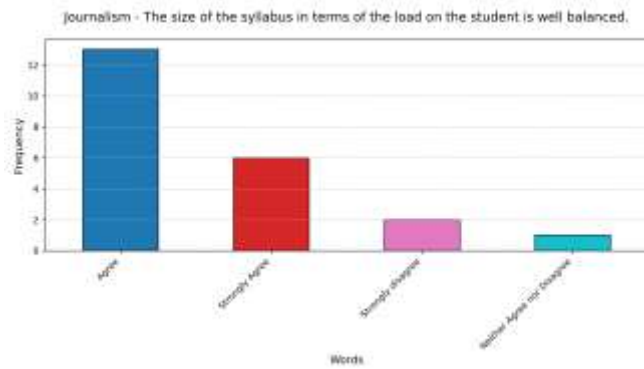

Journalism The learning objectives and learning outcome of the course are well defined and clear

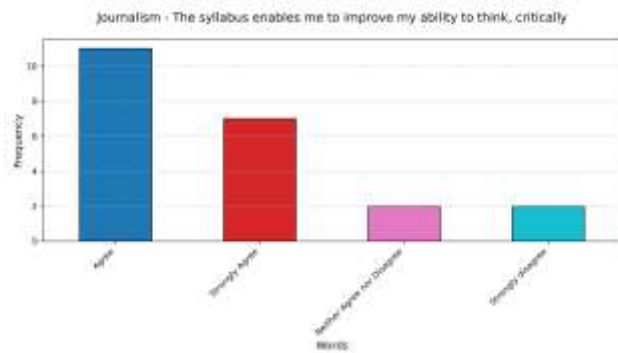

Journalism - The learning objectives and learning outcome of the course are well defined and clear

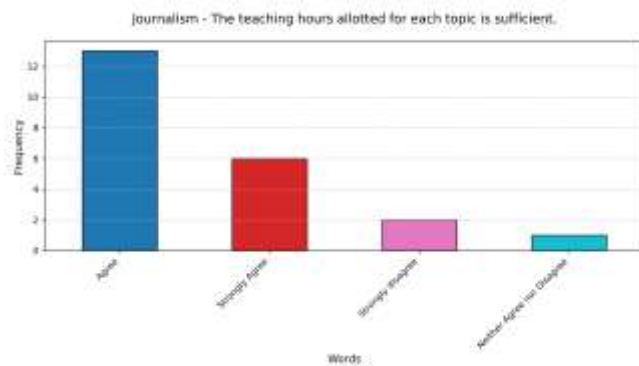

Journalism The size of the syllabus in terms of the load on the student is well balanced.

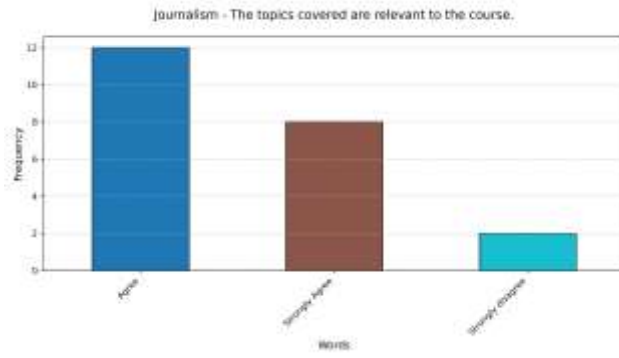

Journalism The syllabus enables me to improve my ability to think, critically

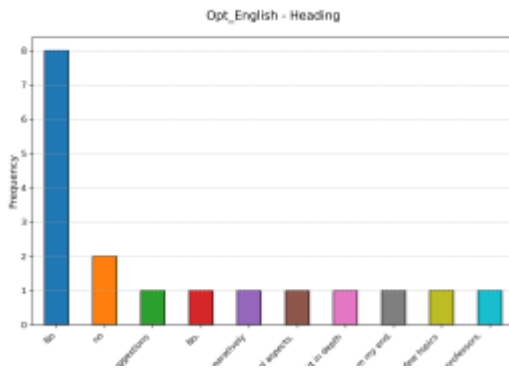

Journalism The teaching hours allotted for each topic is sufficient.

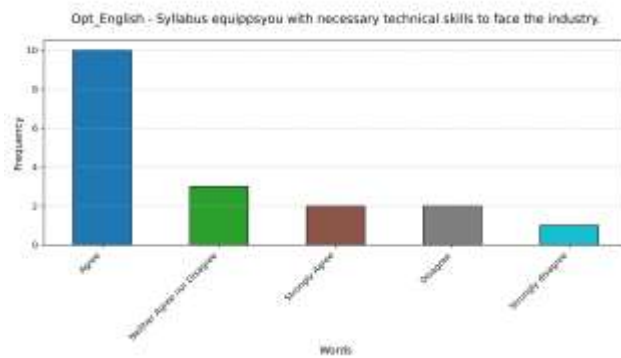

Journalism The topics covered are relevant to the course.

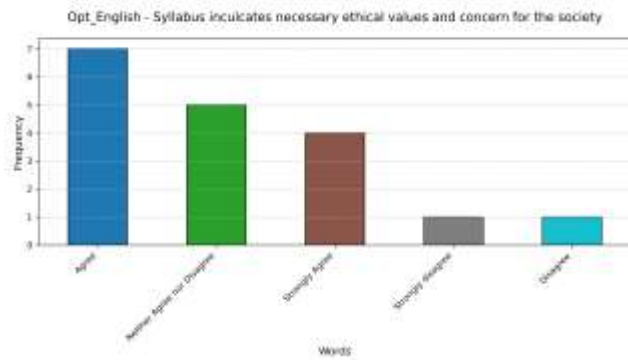

THIRD BA-OPTIONAL ENGLISH 2023-2024 BATCH

Opt English Syllabus equips you with necessary technical skills to face the industry.

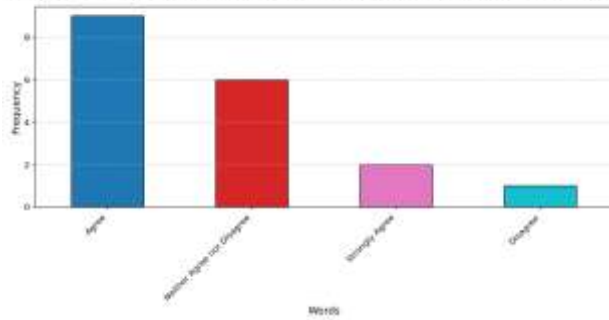

Opt English Syllabus inculcates necessary ethical values and concern for the society

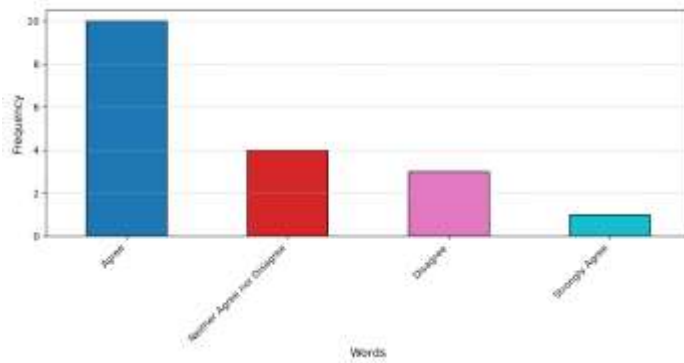

Opt English The ability Skill enhancement courses introduced under NEP helps you to upgrade you skills.

Opt_English - The ability/ Skill enhancement courses introduced under NEP helps you to upgrade you s

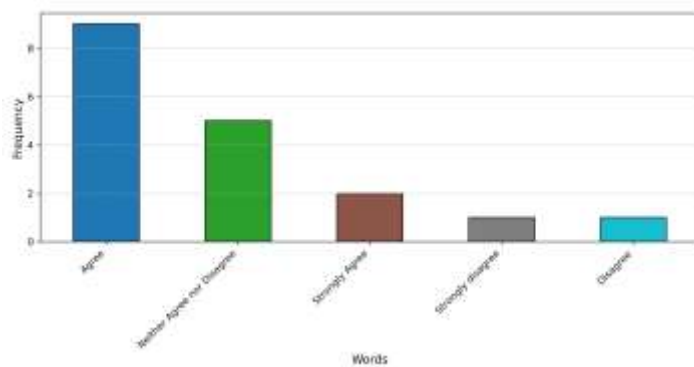

Opt English The books prescribed listed as reference material are relevant, updated and appropriate

Opt_English - The books prescribed /listed as reference material are relevant, updated and appropri

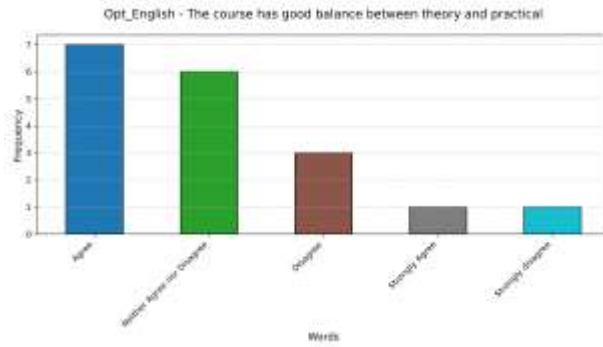

Opt English The course encourages extra learning or self-learning

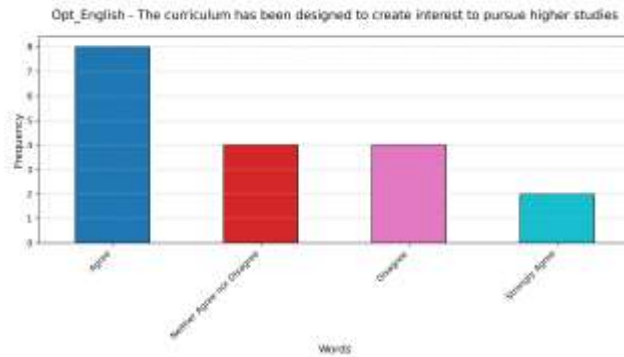

Opt_English - The course encourages extra learning or self-learning

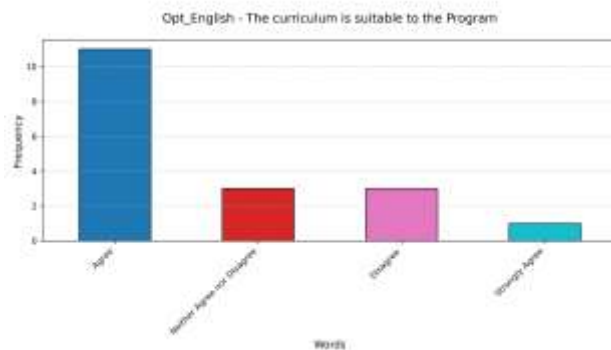

Opt English The course has good balance between theory and practical

Opt English The curriculum has been designed to create interest to pursue higher studies

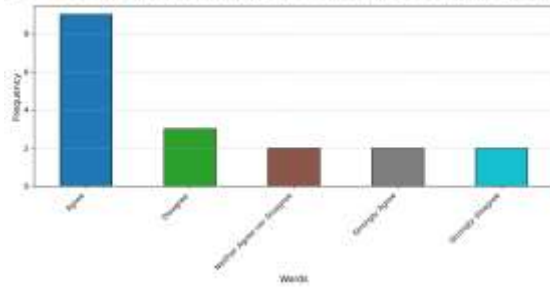

Opt English The curriculum is suitable to the Program

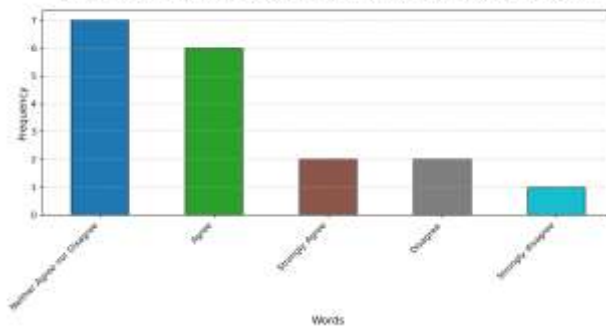

Opt English The electives offered are relevant to the specialization streams and to the technological advancements

English - The electives offered are relevant to the specialization streams and to the technological advan

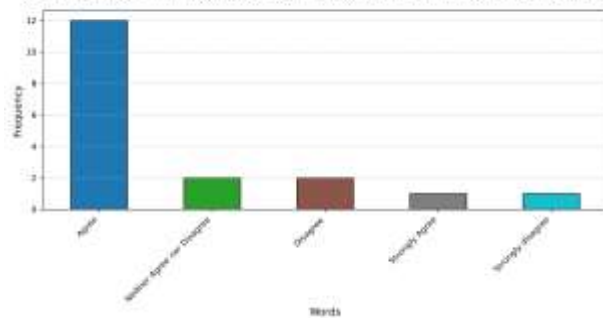

Opt English The information given by the teacher on the topics covered is sufficient

Opt_English - The information given by the teacher on the topics covered is sufficient

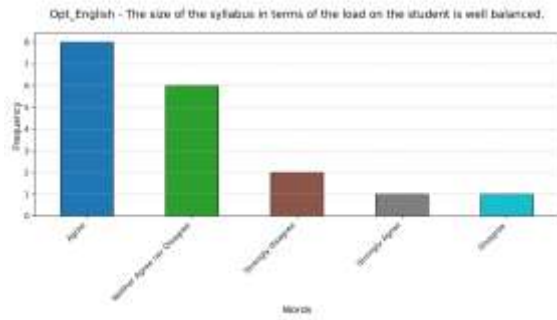

Opt English The learning objectives and learning outcome of the course are well defined and clear

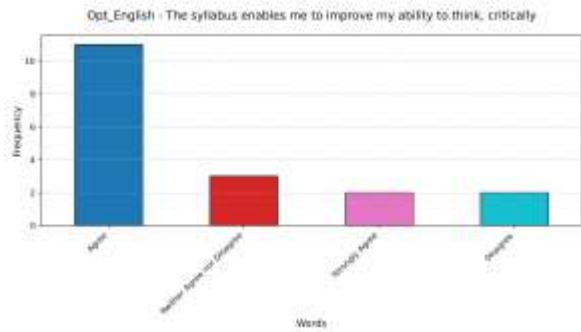

Opt_English - The learning objectives and learning outcome of the course are well defined and clea

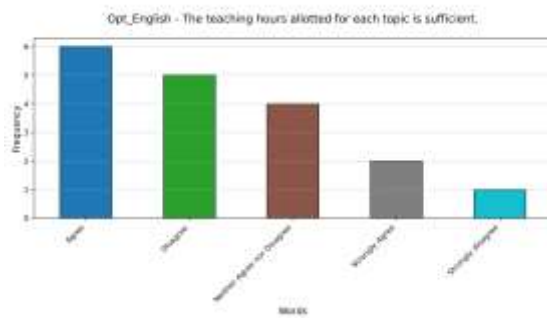

Opt English The size of the syllabus in terms of the load on the student is well balanced.

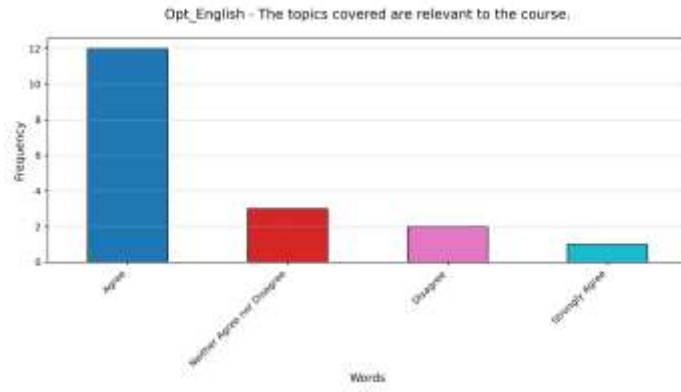

Opt English The syllabus enables me to improve my ability to think, critically

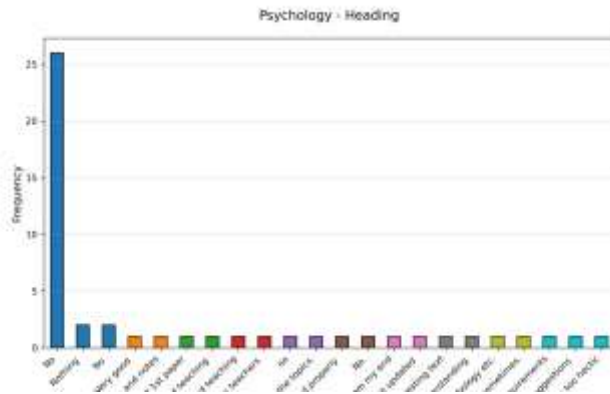

Opt English The teaching hours allotted for each topic is sufficient.

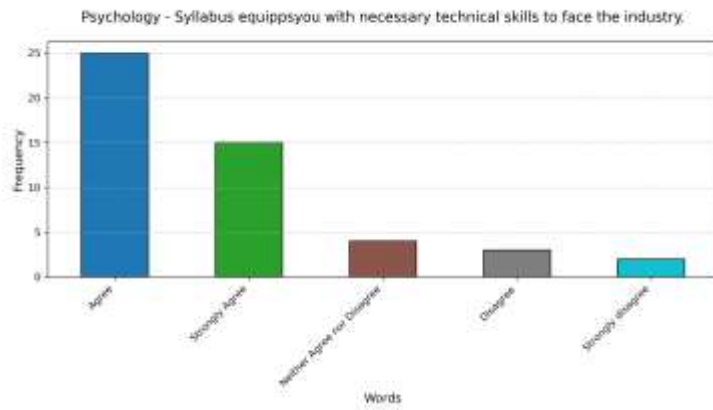

Opt English The topics covered are relevant to the course.

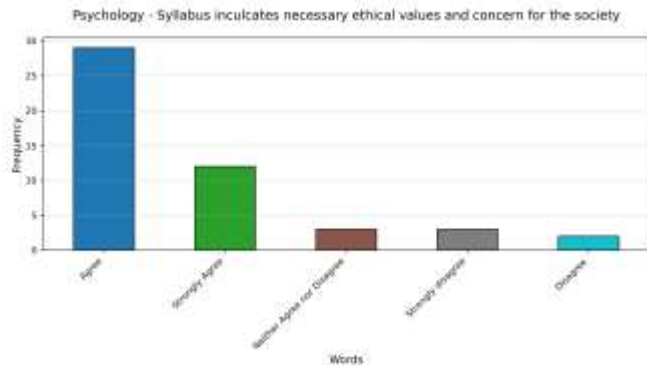

THIRD BA-PSYCHOLOGY 2023-2024 BATCH

Psychology Syllabus equippsyou with necessary technical skills to face the industry.

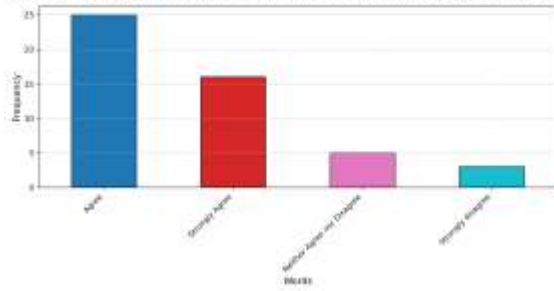

Psychology Syllabus inculcates necessary ethical values and concern for the society

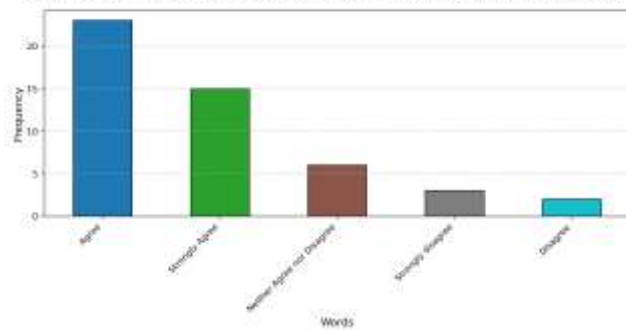

Psychology The ability Skill enhancement courses introduced under NEP helps you to upgrade you skills.

Psychology - The ability/ Skill enhancement courses introduced under NEP helps you to upgrade you s

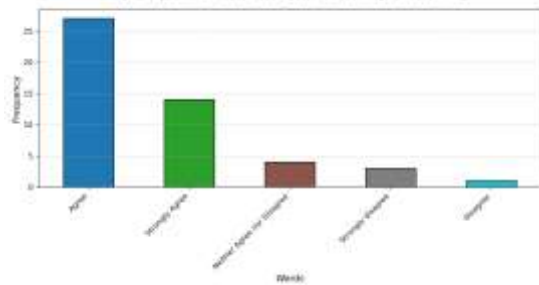

Psychology The books prescribed listed as reference material are relevant, updated and appropriate

Psychology - The books prescribed /listed as reference material are relevant, updated and appropria

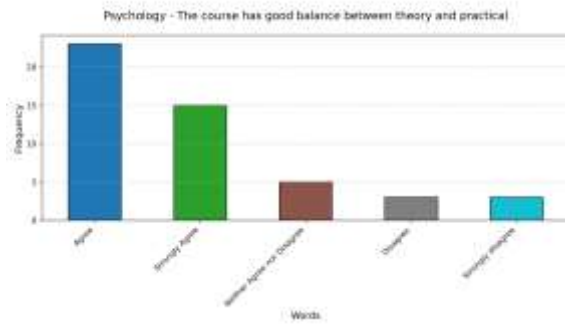

Psychology The course encourages extra learning or self-learning

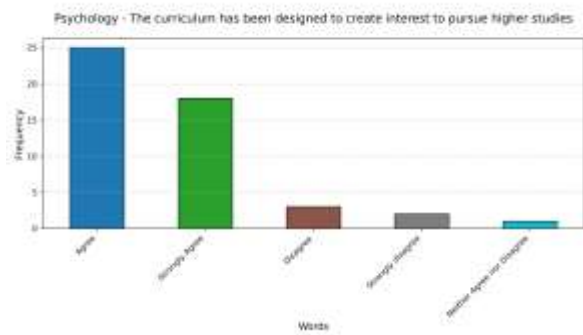

Psychology - The course encourages extra learning or self-learning

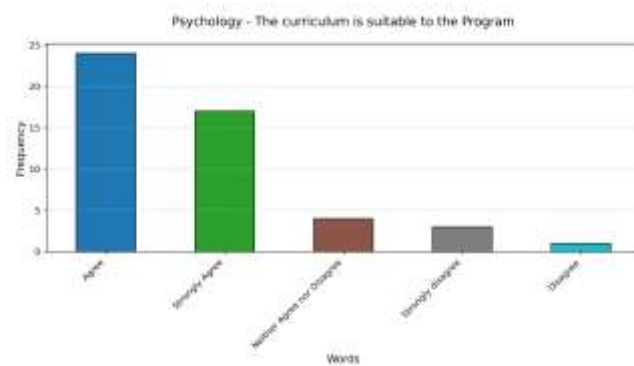

Psychology The course has good balance between theory and practical

Psychology The curriculum has been designed to create interest to pursue higher studies

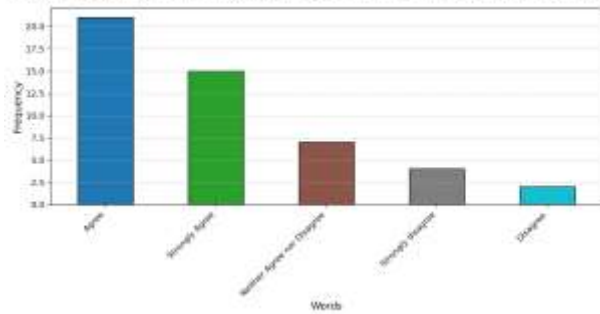

Psychology The curriculum is suitable to the Program

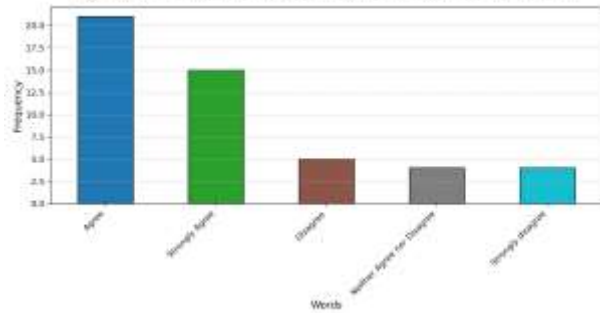

Psychology The electives offered are relevant to the specialization streams and to the technological advancements

Psychology - The electives offered are relevant to the specialization streams and to the technological adva

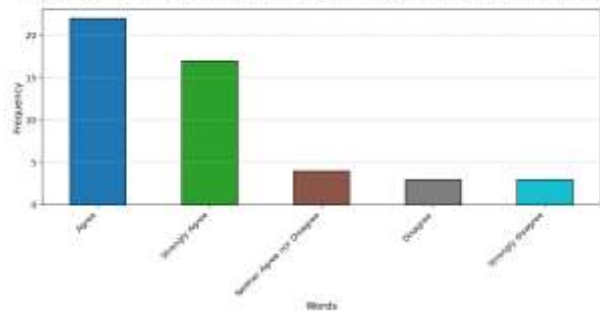

Psychology The information given by the teacher on the topics covered is sufficient

Psychology - The information given by the teacher on the topics covered is sufficient

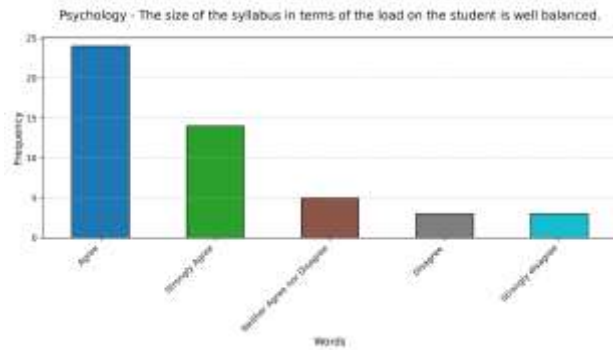

Psychology The learning objectives and learning outcome of the course are well defined and clear

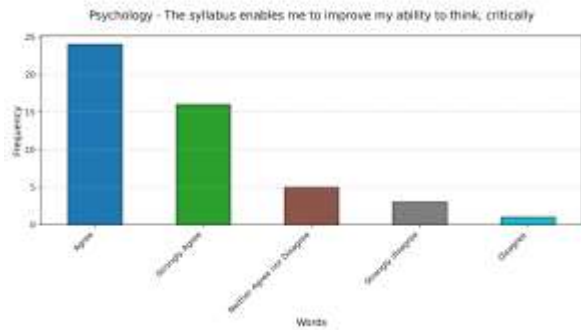

Psychology - The learning objectives and learning outcome of the course are well defined and clea

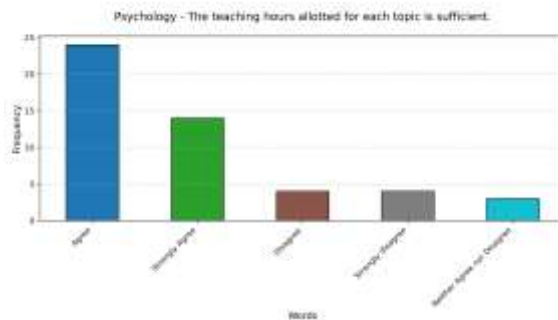

Psychology The size of the syllabus in terms of the load on the student is well balanced.

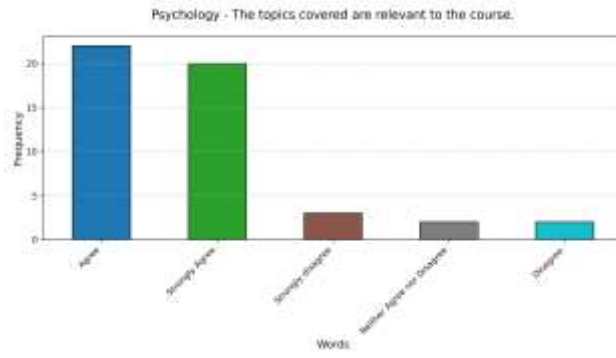

Psychology The syllabus enables me to improve my ability to think, critically

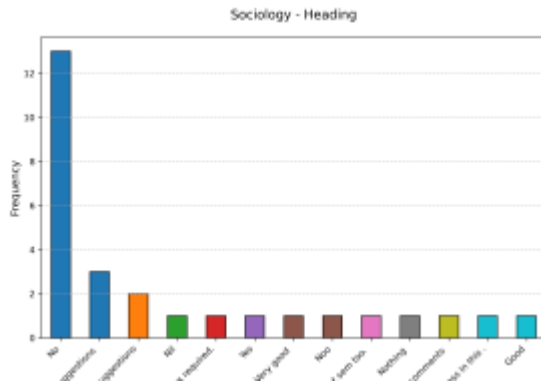

Psychology The teaching hours allotted for each topic is sufficient.

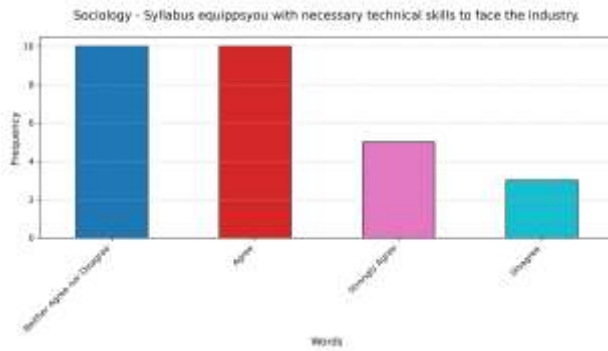

Psychology The topics covered are relevant to the course.

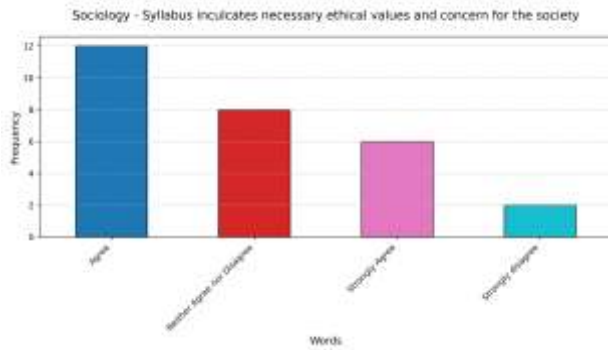

THIRD BA-SOCIOLOGY 2023-2024 BATCH

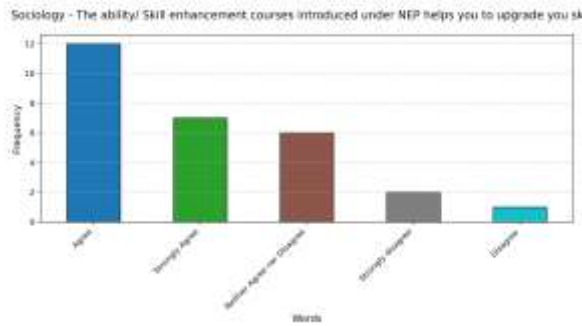

Sociology Syllabus equippsyou with necessary technical skills to face the industry.

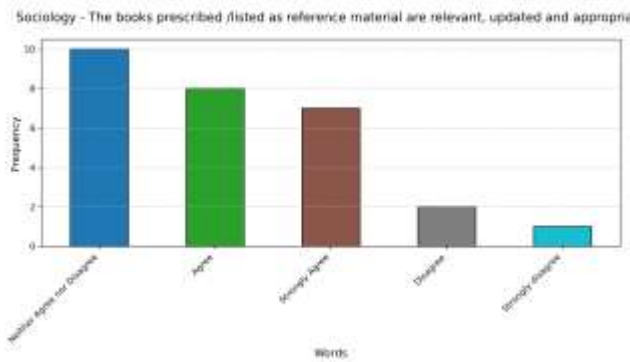

Sociology Syllabus inculcates necessary ethical values and concern for the society

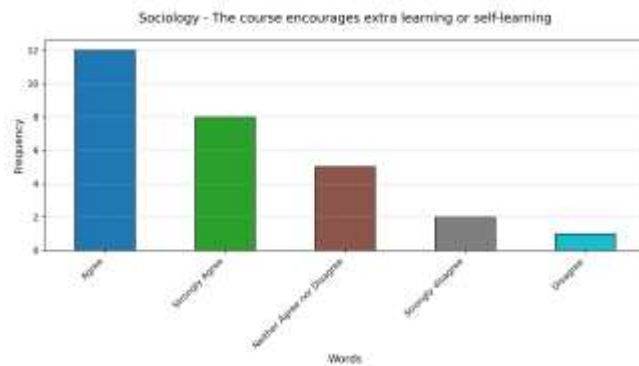

Sociology The ability Skill enhancement courses introduced under NEP helps you to upgrade you skills.

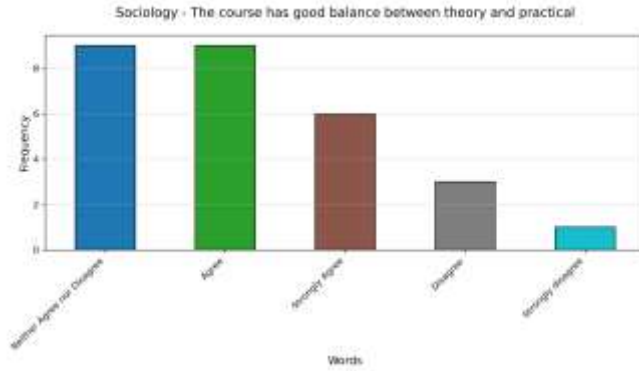

Sociology The books prescribed listed as reference material are relevant, updated and appropriate

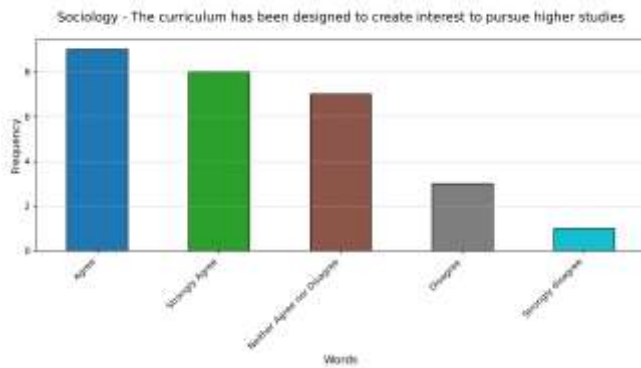

Sociology The course encourages extra learning or self-learning

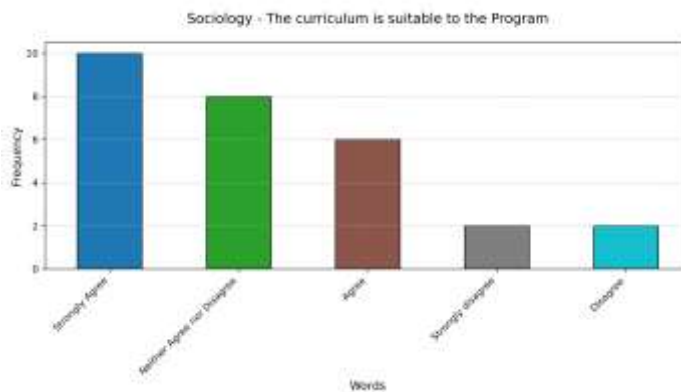

Sociology The course has good balance between theory and practical

Sociology The curriculum has been designed to create interest to pursue higher studies

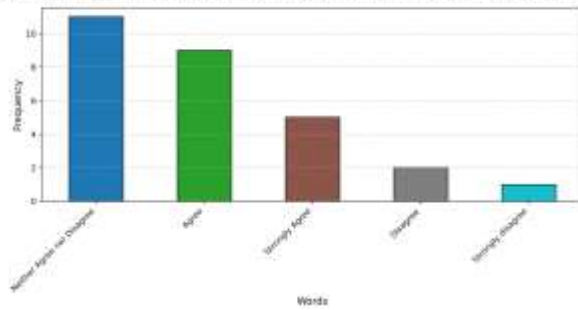

Sociology The curriculum is suitable to the Program

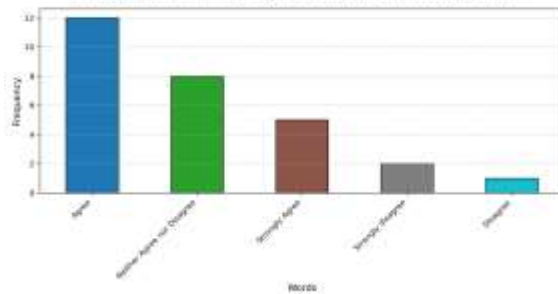

Sociology The electives offered are relevant to the specialization streams and to the technological advancements

Sociology - The electives offered are relevant to the specialization streams and to the technological adva

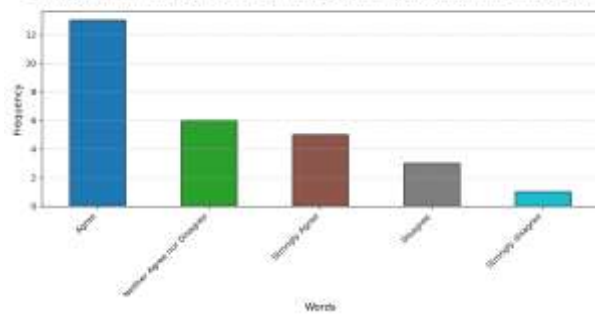

Sociology The information given by the teacher on the topics covered is sufficient

Sociology - The information given by the teacher on the topics covered is sufficient

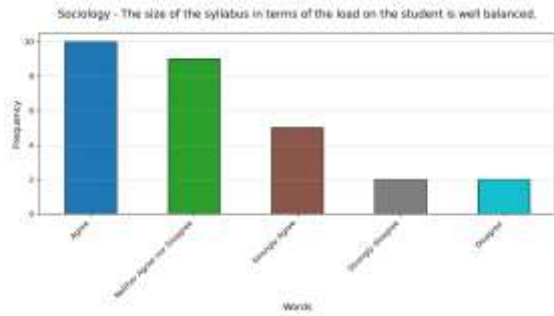

Sociology The learning objectives and learning outcome of the course are well defined and clear

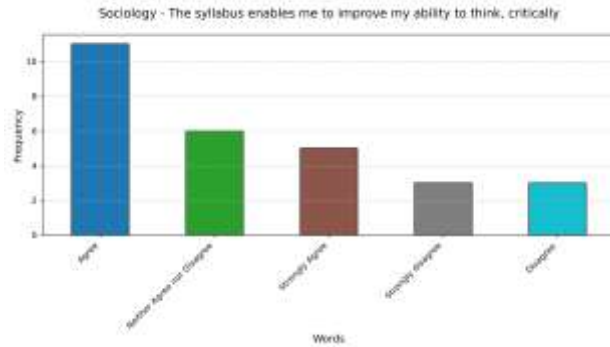

Sociology - The learning objectives and learning outcome of the course are well defined and clear

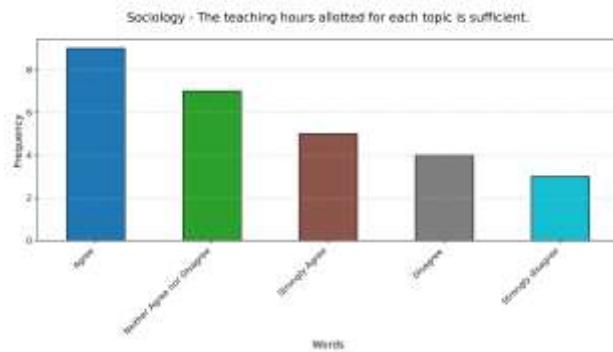

Sociology The size of the syllabus in terms of the load on the student is well balanced.

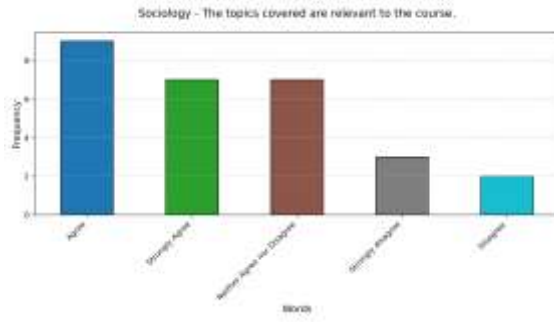

Sociology The syllabus enables me to improve my ability to think, critically

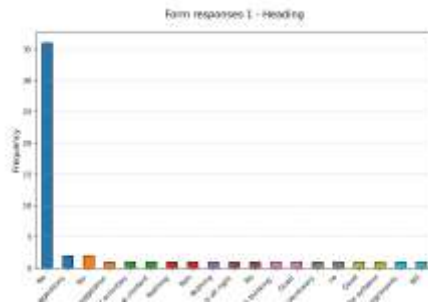

Sociology The teaching hours allotted for each topic is sufficient.

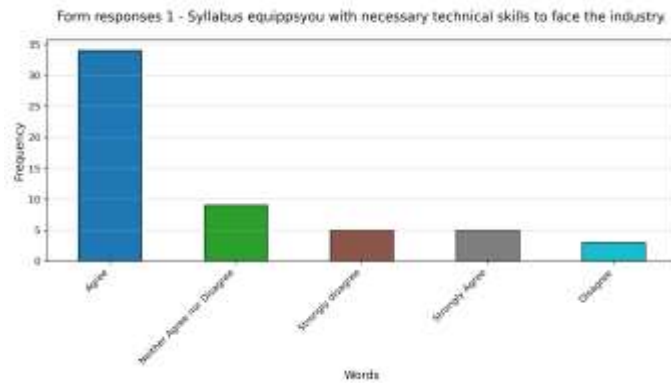

Sociology The topics covered are relevant to the course.

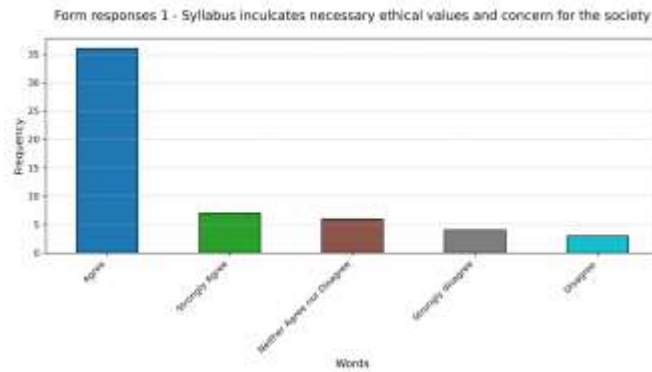

THIRD BBA – 2023-2024 BATCH

Form responses 1 Syllabus equippsyou with necessary technical skills to face the industry.

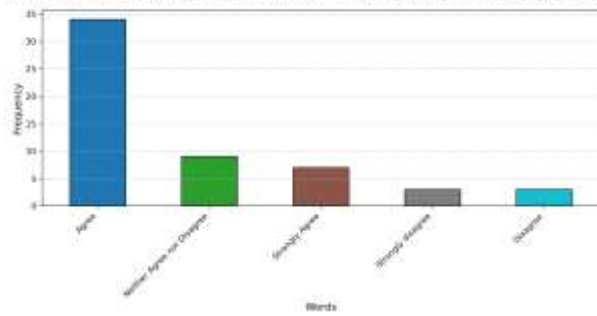

Form responses 1 Syllabus inculcates necessary ethical values and concern for the society

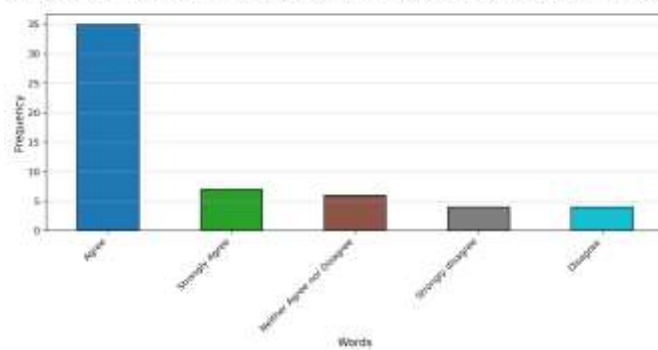

Form responses 1 The ability Skill enhancement courses introduced under NEP helps you to upgrade you skills.
